One design, multiple possibilities

MS-PANEL SYSTEM

The modular nature of MS use standardized components to produce limitless configuration and orientation possibilities. With the wide colour choices, MS helps to maintain a design unity and visual consistence while providing personality and cultural identity.

MS以規範歸一的元件組合出百變的風格和可能性，脫俗多樣的色彩讓MS擁有設計上的一致性，保持視覺上的連貫之餘又能同時帶出個性、表現獨有的文化身份。

Fully covered in fabric, the simplified design profiles eliminated redundant trimmings, projecting a soft and welcoming atmosphere.

MASS can be made with two sides in different fabric colours. An outer side in darker colour can provide a solid definition of space while a lighter interior colour makes you feel less stressful to stay inside.

採用全布包裹的設計，捨棄多餘的框架外觀，帶出柔和迎人的氣氛。MASS可選用內外不同的布料顏色。向外的部份以深色劃分出明確的空間，內部用上淺色則可讓安坐其中的人感到輕鬆自在。

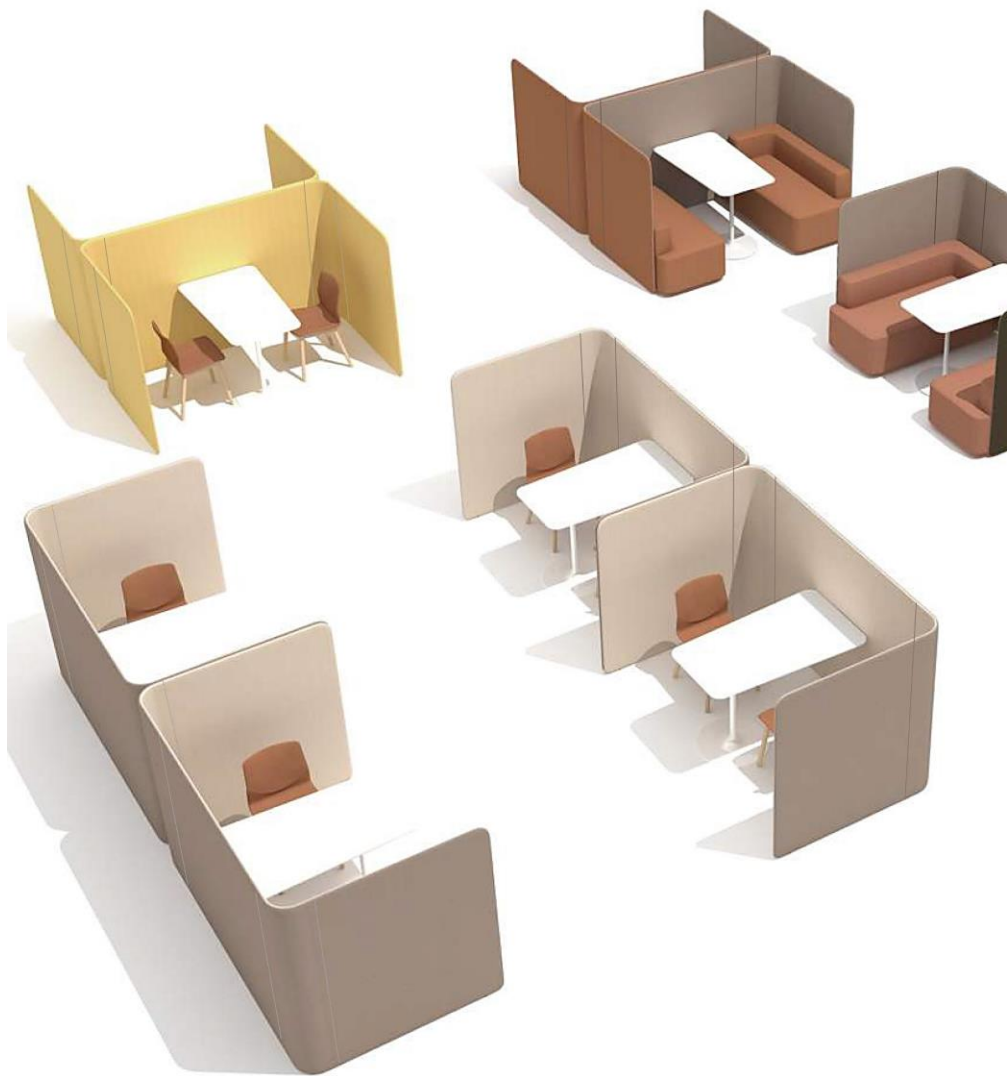

MS allows modulation into an array of shapes to match your furnishing. Available in different width and height, MS is ideal for achieving a perfect balance between privacy and visibility.

MS 間隔系統可隨意組合出多種不同形狀，具有不同的寬度及高度，輕鬆助你在私隱度和透明度之間達到理想的平衡。

The versatile and flexible nature of MASS make it easy to configure and reconfigure in response to continuous changes in needs.

MASS 靈活可變的特質讓你在完成組合後，日後如有需要改變，也可輕鬆作出改動。

With an array of add-ons, each cell can be constructed to fit different style and usage.

系列備有各式各樣的配件，每個間隔都可按喜好需要去組合。
