GREENGUARD

CERTIFICATION

UL GREENGUARD  
CERTIFIED

# WINPOD FOR THE WIN

WINPOD has achieved GREENGUARD Certification which is scientifically proven to meet some of the world's most rigorous third-party chemical emissions standards, helping to reduce indoor air pollution and the risk of chemical exposure. The certification can contribute to LEED credits as well.

WINPOD now comes with amazing features, offering the most advantageous combination of cost, quality and sustainability to improve satisfaction and work performance.

WINPOD pairs finely crafted aesthetics with sustainable materials to protect our mother earth. Its sound insulation effects have been tested by international certification organization, reflecting WINPOD's ingenuity and WINTECH's endeavour in creating a workspace that improves productivity and privacy.

n2

DESIGNED WITH

INNOVATION

**Air Purifying System**

The pod is well ventilated with filtered air to provide a comfortable and clean workspace to the user.

**Acoustic Material for Sound Insulation**

The speech level reduction in the pod offers private and quiet environment, to be free from disturbances.

**Castors for The Ease of Mobility**

A feature for S/W/D POD

**Quick And Easy To Assemble**

Improved design which makes installation time possible within 30 minutes.

**Auto Close Tempered Glass Door**

The door can only be opened up to 95° to prevent collision against surroundings.

**Elegant Door Handle**

Trendy and aesthetic designs making WINPOD an elegant component to the surroundings.

### Ergonomic and Exclusive Charging Ports

CE certified charging ports with AC outlet and type A / type C 65W PD. Input 110-240 VAC, 10A, 50-60Hz.

### Motion Sensor for Energy Saving

LED lighting and air ventilation system are activated by the motion sensor, and will be automatically turned off after 5 minutes of inactivity.

### Knockout Hole for Sprinkler

Sprinkler head can be installed based on safety requirement.

# PEACE WITH THE PERFECT SOUND INSULATION

## We Care For Your Well-Being

In environment with sound level is above 70 dB, you will soon find yourself difficult to remain focused and productive at work.

WINPOD has gone through rigorous test based on ISO 23351-1 standards, with the speech level reduction at CLASS B. It creates a serene and relaxing environment that counters the stress and anxiety of our daily grinds. WINPOD not only provides more opportunities for creative collaboration, but also helps to maximize users' concentration and satisfaction, as well as enjoy the quiet moment.

n3

HIGH ACOUSTIC

RATING

**RECYCLE &**

**SUSTAINABLE**

### **Acoustic Material: Crafted To Perfection**

WINPOD adopts 100 percent polyester, non-poisonous, harmless, non-irritant, and odourless acoustic material which offers excellent sound absorption. Most importantly, the acoustic materials are harmless to the environment because they can be recycled and reused.

The sound absorption alongside the quality, recyclability and reuseability of the acoustic material have also been tested by the relevant testing boards. WINPOD aims to put sustainability and societal impact at the heart of all its endeavours.

## Prioritising “Green” Manufacturing Materials

WINPOD acoustic material is composed of minimum 50% post consumer recycle PET content.

WINTECH strives to create green, resilient and competitive products. Taking the manufacturing materials of S POD as an example, galvanized steel makes up 78 percent of the materials used.

This can reduce the environmental burden to the planet earth and is in line with the ideal of sustainable development.

**BREATHABLE**

# CLEAN AIR\* IN WINPOD

WINPOD utilizes a top-notch air ventilation and air purifying technology to provide consumers a pleasant breathing environment.

The air ventilation system enables a high enough air exchange rate within the pod to provide a comfortable and healthy working environment.

Additionally, the included filter captures airborne particles to cleanse entering air and enhance air quality. It inadvertently lessens allergic responses.

Model	Airflow (m3/h)	Air Change Per Hour (ACH)
S POD	152	99
W POD	152	52
D POD	304	63
C POD	912	87
M POD	912	69
